EDUCATION

B.Sc. Physical Science with Computer Science (Major)

University of Delhi

CGPA - 7.39

Intermediate

Pt. Nagesh Dutt Public School

Percentage - 73.6

New Delhi, India

2023-2027

Pratapgarh, India

2021-2022

PROFESSIONAL EXPERIENCE

Frontend Developer Internship

CodeAlpha (virtual)

- Built responsive and interactive web interfaces using modern frontend technologies.
- Learnt industry best practices for UI/UX design and user-centered development.
- Collaborated with mentors and peers to debug, optimize, and test web features.

Remote

06/2025 - 07/2025

Web Development and Designing Internship

Oasis Infobyte (virtual)

- Projects built during internship: UltraEdit Landing Page, Portfolio Website, and To-Do List App.
- Recreated professional layouts using HTML5, CSS3, Flexbox, and Grid for seamless responsiveness.

Remote

07/2025 - 08/2025

RESEARCH EXPERIENCE

Loss of Interest in Studies Among Students

Acharya Narendra Dev College, DU

- Conducted an independent study on factors affecting student motivation, focusing on social, psychological, and technological influences.
- Analyzed the impact of NEP 2020 on academic workload through a primary survey of University of Delhi students.
- Utilized Google Forms for data collection and performed percentage analysis and graphical representation for data visualization.
- Identified key stressors including digital distractions, high academic pressure, and increased course complexity (SEC, VAC, AEC, and GE subjects).

New Delhi, India

2026

PROJECTS

Optimized Traffic Control System

01/2025 - 04/2025

- Tech Stack: Developed using Python with OpenCV and Haar classifiers for real-time image processing tasks.
- Detects and counts vehicles live using mobile or CCTV camera video feeds.
- Dynamically adjusts green light duration based on current vehicle density on each road.
- System automatically scales to multiple junctions with efficient traffic flow logic.

UltraEdit Clone

07/2025

- Tech Stack: Built using HTML and CSS to replicate the official UltraEdit website layout.
- Responsive navigation bar: Created using Flexbox with dropdowns and icons that adapt seamlessly across devices.
- Download section uses CSS Grid to display language-specific options clearly and responsively across all devices.
- Modern UI design: Uses Google Fonts, SVG icons, and CSS transitions for a polished, professional appearance.

Music Player

06/2025

- Tech Stack: Developed using core web technologies: HTML, CSS, and JavaScript.
- Interactive Playlist with Playback Controls: Includes play, pause, next, previous, and song progress tracking.
- Responsive Design for All Devices: Optimized layout works flawlessly across various screen sizes.
- Custom Themed UI with Background and Artist Elements: Designed with custom styling and artist backgrounds for visual appeal.

Quiz App

04/2025

- Tech Stack: Created using Flutter for a high-performance mobile application.
- Built a mobile-based quiz app using Flutter with features like timer, skip/review buttons, and performance summary.
- Features like timer, skip/review buttons, performance summary: Includes a countdown timer, skip, review, and results page.

AWARDS & ACHIEVEMENTS

- **Recognition, Smart India Hackathon (SIH) 2025:** Developed a functional prototype for a real-world problem statement during the internal hackathon at ANDC.
- **Runner-up (2nd Place), Cricket Men's:** Secured 2nd place in the Fit India ANDC Sports Tournament 2023-24.
- **Participation, HackLoop 2025:** Recognized for exceptional problem-solving and technical skills in a competitive environment.

CERTIFICATIONS

- **Introduction to Flutter (April 2025):** Completed professional online course via Simplilearn SkillUP.
- **Cloud Computing (Feb 2025):** Successfully completed a two-day technical workshop at Acharya Narendra Dev College.
- **Fiber Vision '25:** Recognized for creative efforts in photography and videography for the National Workshop on Fiber Optics.

SKILLS

- **Programming:** C++, Java, Python, JavaScript.
- **Web & Mobile:** HTML5, CSS3, Tailwind CSS, React, Flutter, Android Programming.
- **Core CS:** Data Structures, Operating Systems, Software Engineering, Data Engineering, Data Mining, Computer Networks.

LEADERSHIP & VOLUNTEERING

- **Coordinator, Hackzzle (Overload++ '25):** Managed event logistics for the Turing Society Annual Tech Fest.
- **Member, Discipline Committee (Leiothrixx'26):** Ensured event safety and regulation for the Annual Cultural Fest.
- **Cricket Team Captain:** Led the B.Sc. Physical Science with Computer Science team at ANDC DU.
